

# NOTICE: Change of Venue!

## INDIGENOUS PEOPLES DAY - WISCONSIN - 2024

### MONDAY, OCTOBER 14TH

### 2:00 - 6:00 PM – Kickbush Plaza – 146 W. Washington St.

**Due to unanticipated construction, the “400 Block” will be inaccessible. It is for this reason that we are cancelling the walk & moving celebration to Kickbush Plaza instead! We apologize for any inconvenience.**

**\* 2:00 PM: Indigenous Drum Group will welcome us to Kickbush Plaza with a gathering song. Indigenous speakers & allies will amplify Indigenous issues including our climate emergency. \* POTLUCK Feast after the last speaker.**

**Imagine...** Instead of land theft, genocide, and the violence that European invaders brought, there was mutual respect, & gratitude for the sharing of knowledge and the amazing resources of Turtle Island.

**Imagine...** a world where instead of polluting & taking, there is care for & the sharing of Life’s gifts.

We MUST build that world. Together, we can STOP the pollution & the violence that is killing all life.

As Indigenous People & allies, we celebrate Indigenous ways of caring, building resilience, and healing. We commit ourselves to following these ways toward Unity, Peace, and the healing of Mother Earth.

For the sake of the next generations to come, we must ask ourselves,

**“How will we be good ancestors?”**

\*\*\* If you can, bring food to share, folding tables & chairs and your feast bundle.
